

Looking for college interns?

PA Bankers can help!

The **PA Bankers Intern Program**, in partnership with Shippensburg University, is a program that helps PA Bankers' member banks to recruit interns for various areas across the bank (retail, operations, IT, marketing, HR, credit, etc.) and increase awareness of the career opportunities that exist within the banking industry.

The program is open to all PA State System of Higher Education colleges/universities and PA Bankers' member banks and includes assistance to member banks in creating an intern program and recruiting interns, as well as a career and leadership skills academy for all interns statewide.

We are excited to be able to bring this program to our member banks and we encourage you to take advantage of this effort to bring the next generation of talent to your bank!

What assistance is available to member banks?
